PICK THE LOCK

Best for trainees

You are given a lock without the 4-digit code required to open it.
All you are given is the following clues.

Clue 1: **2980** One of these numbers appears and is in the correct position.

Clue 2: **1582** One of these numbers appears and is in the correct position.

Clue 3: **3104** Two of these numbers appear but neither is in the correct position.

Clue 4: **9593** At least two of these numbers appear.

Clue 5: **3857** None of these numbers appear.

You will reveal a code important to ASIO.
